Profile

I am a front-end developer with a passion for creating visually appealing and user-friendly websites. With a foundation in HTML, CSS, and JavaScript, I excel at turning design concepts into responsive and interactive web interfaces. I am committed to staying up-to-date with the latest web development trends and technologies to ensure that I deliver cutting-edge solutions. My attention to detail, abilities, and collaboration skills enable me to work effectively within cross-functional teams. My goal is to contribute to the success of projects.

Skills

I possess a command of HTML, CSS, JavaScript, React, WordPress ,UX and UI , Bootstrap, Tailwind, Figma, Trello and Github, allowing me to create dynamic and visually engaging front-end solutions that enhance user experiences.

Professional Experience
